Subject index

Volume 41 (1996)

Abstinence reinforcement; Heroin abuse; Heroin dependence; Drug abuse; Intravenous drug abuse; Treatment; Contingency management **41, 157**

Acetylcholine; Frontal cortex; Hippocampus; Methadone; Parietal cortex; Perinatal; Striatum **41, 119**

Activity; Antagonism; Cocaine; Lead **41, 143**

Addiction; Methadone; Take-home dosages; Heroin **41, 81**

Adolescents; Substance use; Prevalence; Religion; Scotland **41, 189**

Adoption study; Alcohol dependence; Drug dependence; Genetics **41, 9**

Alcohol abuse; Alcohol dependence; Alcohol use disorders; DSM-IV; DSM-III-R; ICD-10 **41, 127**

Alcohol dependence; Alcohol abuse; Alcohol use disorders; DSM-IV; DSM-III-R; ICD-10 **41, 127**

Alcohol dependence; Drug dependence; Genetics; Adoption study **41, 9**

Alcoholics; Drinking situations; Cross-cultural; Questionnaire; Motivation **41, 75**

Alcohol use disorders; Alcohol dependence; Alcohol abuse; DSM-IV; DSM-III-R; ICD-10 **41, 127**

Amantadine hydrochloride; Cocaine; Double-blind outpatient; Withdrawal **41, 25**

Amphetamine; Pentylentetrazol; (\pm)-CPP; Place preference; Place aversion; Rats **41, 85**

Antagonism; Activity; Cocaine; Lead **41, 143**

Antagonism; Heroin; Naltrexone; Self-administration; Dose-response **41, 93**

Antisocial personality; Gender; Treatment **41, 35**

Benzoyllecgonine; Cocaine; Fluoxetine; Treatment; Retention **41, 137**

B-MAST; CAGE; TWEAK; Screening; Primary care patients; Self reports **41, 151**

CAGE; B-MAST; TWEAK; Screening; Primary care patients; Self reports **41, 151**

Clonidine; Neonatal; Opiate abstinence; Noradrenergic; MHPG **41, 47**

Cocaine; Activity; Antagonism; Lead **41, 143**

Cocaine; Amantadine hydrochloride; Double-blind outpatient; Withdrawal **41, 25**

Cocaine; Fluoxetine; Treatment; Benzoyllecgonine; Retention **41, 137**

Cocaine; Gender; HIV risk; Injection; Methadone maintenance **41, 1**

Cocaine; Phentermine; Fenfluramine; Serotonin; Rats **41, 71**

Cocaine; Prostaglandins; Umbilical veins; Pregnancy; Perfusion **41, 113**

Contingency management; Heroin abuse; Heroin dependence; Drug abuse; Intravenous drug abuse; Treatment; Abstinence reinforcement **41, 197**

Contingency management; Substance abuse; Drug abuse; Unemployment; Employment; Reinforcement **41, 197**

(\pm)-CPP; Amphetamine; Pentylentetrazol; Place preference; Place aversion; Rats **41, 85**

Cross-cultural; Drinking situations; Alcoholics; Questionnaire; Motivation **41, 75**

Diagnostic criteria; Psychometric evaluation; Factor model for alcohol abuse and dependence **41, 101**

Dose-response; Heroin; Naltrexone; Self-administration; Antagonism **41, 93**

Double-blind outpatient; Amantadine hydrochloride; Cocaine; Withdrawal **41, 25**

Drinking situations; Cross-cultural; Alcoholics; Questionnaire; Motivation **41, 75**

Drug abuse; Heroin abuse; Heroin dependence; Intravenous drug abuse; Treatment; Abstinence reinforcement; Contingency management **41, 157**

Drug abuse; Substance abuse; Unemployment; Employment; Contingency management; Reinforcement **41, 197**

- Drug abuse;** Tracking; Follow-up; Longitudinal studies **41, 209**
- Drug dependence;** Alcohol dependence; Genetics; Adoption study **41, 9**
- Drug dependence;** Genetics; Twins; Males **41, 17**
- DSM-III-R;** Alcohol dependence; Alcohol abuse; Alcohol use disorders; DSM-IV; ICD-10 **41, 127**
- DSM-IV;** Alcohol dependence; Alcohol abuse; Alcohol use disorders; DSM-III-R; ICD-10 **41, 127**
- Embryo-fetal development;** Ethanol; Fetal alcohol syndrome; Growth retardation; QS mouse; Ossification **41, 61**
- Employment;** Substance abuse; Drug abuse; Unemployment; Contingency management; Reinforcement **41, 197**
- Ethanol dependence;** Ethanol withdrawal; Serotonin; 5HT_{1B} receptors; Rat brain **41, 219**
- Ethanol;** Fetal alcohol syndrome; Growth retardation; QS mouse; Ossification; Embryo-fetal development **41, 61**
- Ethanol withdrawal;** Ethanol dependence; Serotonin; 5HT_{1B} receptors; Rat brain **41, 219**
- Factor model for alcohol abuse and dependence;** Diagnostic criteria; Psychometric evaluation **41, 101**
- Fenfluramine;** Phentermine; Cocaine; Serotonin; Rats **41, 71**
- Fetal alcohol syndrome;** Ethanol; Growth retardation; QS mouse; Ossification; Embryo-fetal development **41, 61**
- Fluoxetine;** Cocaine; Treatment; Benzoylcegonine; Retention **41, 137**
- Follow-up;** Drug abuse; Tracking; Longitudinal studies **41, 209**
- Frontal cortex;** Acetylcholine; Hippocampus; Methadone; Parietal cortex; Perinatal; Striatum **41, 119**
- Gender;** Antisocial personality; Treatment **41, 35**
- Gender;** Cocaine; HIV risk; Injection; Methadone maintenance **41, 1**
- Genetics;** Alcohol dependence; Drug dependence; Adoption study **41, 9**
- Genetics;** Twins; Drug dependence; Males **41, 17**
- Growth retardation;** Ethanol; Fetal alcohol syndrome; QS mouse; Ossification; Embryo-fetal development **41, 61**
- Heroin abuse;** Heroin dependence; Drug abuse; Intravenous drug abuse; Treatment; Abstinence reinforcement; Contingency management **41, 157**
- Heroin dependence;** Heroin abuse; Drug abuse; Intravenous drug abuse; Treatment; Abstinence reinforcement; Contingency management **41, 157**
- Heroin;** Methadone; Take-home dosages; Addiction **41, 81**
- Heroin;** Naltrexone; Self-administration; Dose-response; Antagonism **41, 93**
- Hippocampus;** Acetylcholine; Frontal cortex; Methadone; Parietal cortex; Perinatal; Striatum **41, 119**
- HIV risk;** Cocaine; Gender; Injection; Methadone maintenance **41, 1**
- HIV serostatus;** Methadone maintenance; Opioid dependence; Retention rate; Methadone dose **41, 55**
- Homosexual male alcohol use/abuse;** Homosexual male drug abuse **41, 167**
- Homosexual male drug abuse;** Homosexual male alcohol use/abuse **41, 167**
- 5HT_{1B} receptors;** Ethanol withdrawal; Ethanol dependence; Serotonin; Rat brain **41, 219**
- ICD-10;** Alcohol dependence; Alcohol abuse; Alcohol use disorders; DSM-IV; DSM-III-R **41, 127**
- Injection;** Cocaine; Gender; HIV risk; Methadone maintenance **41, 1**
- Intravenous drug abuse;** Heroin abuse; Heroin dependence; Drug abuse; Treatment; Abstinence reinforcement; Contingency management **41, 157**
- Lead;** Activity; Antagonism; Cocaine **41, 143**
- Longitudinal studies;** Drug abuse; Tracking; Follow-up **41, 209**
- Males;** Genetics; Twins; Drug dependence **41, 17**
- Methadone;** Acetylcholine; Frontal cortex; Hippocampus; Parietal cortex; Perinatal; Striatum **41, 119**
- Methadone dose;** Methadone maintenance; Opioid dependence; Retention rate; HIV serostatus **41, 55**
- Methadone maintenance;** Cocaine; Gender; HIV risk; Injection **41, 1**
- Methadone maintenance;** Opioid dependence; Retention rate; HIV serostatus; Methadone dose **41, 55**
- Methadone;** Take-home dosages; Heroin; Addiction **41, 81**
- MHPG;** Neonatal; Opiate abstinence; Noradrenergic; Clonidine **41, 47**
- Motivation;** Drinking situations; Cross-cultural; Alcoholics; Questionnaire **41, 75**
- Naltrexone;** Heroin; Self-administration; Dose-response; Antagonism **41, 93**
- Neonatal;** Opiate abstinence; Noradrenergic; Clonidine; MHPG **41, 47**
- Noradrenergic;** Neonatal; Opiate abstinence; Clonidine; MHPG **41, 47**
- Opiate abstinence;** Neonatal; Noradrenergic; Clonidine; MHPG **41, 47**

- Opioid dependence;** Methadone maintenance; Retention rate; HIV serostatus; Methadone dose **41, 55**
- Ossification;** Ethanol; Fetal alcohol syndrome; Growth retardation; QS mouse; Embryo-fetal development **41, 61**
- Parietal cortex;** Acetylcholine; Frontal cortex; Hippocampus; Methadone; Perinatal; Striatum **41, 119**
- Pentylentetrazol;** Amphetamine; (\pm)-CPP; Place preference; Place aversion; Rats **41, 85**
- Perfusion;** Prostaglandins; Umbilical veins; Cocaine; Pregnancy **41, 113**
- Perinatal;** Acetylcholine; Frontal cortex; Hippocampus; Methadone; Parietal cortex; Striatum **41, 119**
- Phentermine;** Fenfluramine; Cocaine; Serotonin; Rats **41, 71**
- Place aversion;** Amphetamine; Pentylentetrazol; (\pm)-CPP; Place preference; Rats **41, 85**
- Place preference;** Amphetamine; Pentylentetrazol; (\pm)-CPP; Place aversion; Rats **41, 85**
- Pregnancy;** Prostaglandins; Umbilical veins; Cocaine; Perfusion **41, 113**
- Prevalence;** Substance use; Adolescents; Religion; Scotland **41, 189**
- Primary care patients;** CAGE; B-MAST; TWEAK; Screening; Self reports **41, 151**
- Prostaglandins;** Umbilical veins; Cocaine; Pregnancy; Perfusion **41, 113**
- Psychometric evaluation;** Diagnostic criteria; Factor model for alcohol abuse and dependence **41, 101**
- QS mouse;** Ethanol; Fetal alcohol syndrome; Growth retardation; Ossification; Embryo-fetal development **41, 61**
- Questionnaire;** Drinking situations; Cross-cultural; Alcoholics; Motivation **41, 75**
- Rat brain;** Ethanol withdrawal; Ethanol dependence; Serotonin; 5HT_{1B} receptors **41, 219**
- Rats;** Amphetamine; Pentylentetrazol; (\pm)-CPP; Place preference; Place aversion **41, 85**
- Rats;** Phentermine; Fenfluramine; Cocaine; Serotonin **41, 71**
- Reinforcement;** Substance abuse; Drug abuse; Unemployment; Employment; Contingency management **41, 197**
- Reliability;** Validity; SAM; SCAN; Substance dependence; Substance abuse **41, 179**
- Religion;** Substance use; Adolescents; Prevalence; Scotland **41, 189**
- Retention;** Cocaine; Fluoxetine; Treatment; Benzoylcegonine **41, 137**
- Retention rate;** Methadone maintenance; Opioid dependence; HIV serostatus; Methadone dose **41, 55**
- SAM;** Validity; Reliability; SCAN; Substance dependence; Substance abuse **41, 179**
- SCAN;** Validity; Reliability; SAM; Substance dependence; Substance abuse **41, 179**
- Scotland;** Substance use; Adolescents; Prevalence; Religion **41, 189**
- Screening;** CAGE; B-MAST; TWEAK; Primary care patients; Self reports **41, 151**
- Self-administration;** Heroin; Naltrexone; Dose-response; Antagonism **41, 93**
- Self reports;** CAGE; B-MAST; TWEAK; Screening; Primary care patients **41, 151**
- Serotonin;** Ethanol withdrawal; Ethanol dependence; 5HT_{1B} receptors; Rat brain **41, 219**
- Serotonin;** Phentermine; Fenfluramine; Cocaine; Rats **41, 71**
- Striatum;** Acetylcholine; Frontal cortex; Hippocampus; Methadone; Parietal cortex; Perinatal **41, 119**
- Substance abuse;** Drug abuse; Unemployment; Employment; Contingency management; Reinforcement **41, 197**
- Substance abuse;** Validity; Reliability; SAM; SCAN; Substance dependence **41, 179**
- Substance dependence;** Validity; Reliability; SAM; SCAN; Substance abuse **41, 179**
- Substance use;** Adolescents; Prevalence; Religion; Scotland **41, 189**
- Take-home dosages;** Methadone; Heroin; Addiction **41, 81**
- Tracking;** Drug abuse; Follow-up; Longitudinal studies **41, 209**
- Treatment;** Cocaine; Fluoxetine; Benzoylcegonine; Retention **41, 137**
- Treatment;** Gender; Antisocial personality **41, 35**
- Treatment;** Heroin abuse; Heroin dependence; Drug abuse; Intravenous drug abuse; Abstinence reinforcement; Contingency management **41, 157**
- TWEAK;** CAGE; B-MAST; Screening; Primary care patients; Self reports **41, 151**
- Twins;** Genetics; Drug dependence; Males **41, 17**
- Umbilical veins;** Prostaglandins; Cocaine; Pregnancy; Perfusion **41, 113**
- Unemployment;** Substance abuse; Drug abuse; Employment; Contingency management; Reinforcement **41, 197**
- Validity;** Reliability; SAM; SCAN; Substance dependence; Substance abuse **41, 179**
- Withdrawal;** Amantadine hydrochloride; Cocaine; Double-blind outpatient **41, 25**
